

Modul : Supervised Learning

k-Nearest Neighbor

Nur ULFA Maulidevi

KK IF - Teknik Informatika- STEI ITB

Inteligensi Buatan
(Artificial Intelligence)

k-Nearest Neighbor

Supervised
Learning

Instance-Based
Classifier
(Store all training data)

Lazy learner

No hypothesis

Unseen data prediction: Find class from
similar stored data

pas training yg diambil data aja

Classification (Predict unseen data)

Measures 'distance' of query (unseen data) to all instance (in training data)

Find k 'most similar' instances
(k nearest neighbor)

Find the majority class from k
nearest neighbor

Class/ Label Prediction: Majority Class of k
nearest neighbor

Example: Play Tennis Dataset

outlook	temp.	humidity	windy	play
sunny	hot	high	false	no
sunny	hot	high	true	no
overcast	hot	high	false	yes
rainy	mild	high	false	yes
rainy	cool	normal	false	yes
rainy	cool	normal	true	no
overcast	cool	normal	true	yes

outlook	temp.	humidity	windy	play
sunny	mild	high	false	no
sunny	cool	normal	false	yes
rainy	mild	normal	false	yes
sunny	mild	normal	true	yes
overcast	mild	high	true	yes
overcast	hot	normal	false	yes
rainy	mild	high	true	no

Classify New Instance: <Sunny, Cool, High, True>

outlook	temp.	humidity	windy	play	Distance
sunny	hot	high	false	no	2
sunny	hot	high	true	no	1
overcast	hot	high	false	yes	3
rainy	mild	high	false	yes	3
rainy	cool	normal	false	yes	3
rainy	cool	normal	true	no	2
overcast	cool	normal	true	yes	2
sunny	mild	high	false	no	2
sunny	cool	normal	false	yes	2
rainy	mild	normal	false	yes	4
sunny	mild	normal	true	yes	2
overcast	mild	high	true	yes	2
overcast	hot	normal	false	yes	4
rainy	mild	high	true	no	2

$k = 1$

D-2

Play: No

$k = 2$

D-1, D-2,

Play: No

$k = 3$

D-1, D-2,
D-6

Play: No

- perhitungan distance bisa saat training/no?
tidak
- kNN bisa dipakai utk regresi ya?
bisa. ex: pakai rata²nya (average)

Notes on k-Nearest Neighbor

Advantages

Approximation can be less complex for complex target function

Disadvantages

Cost of classifying new instance high

Consider all features ☐ target function depends only on a few features

THANK YOU
